

FLEXIBLE PRICING SOLUTIONS FOR HIGH VOLUME ORDERS

THE MORE NAMES YOU SEARCH, THE LOWER THE PRICE

Are you paying the same price when you order searches on 30, 50, or 100 names? Use Centro Legal Works and receive **Flexible Pricing** for your high volume orders. Why pay the same high price for one search product when ordering in volume? The more names you search the lower the price.

Not only will you save money, but by outsourcing the time consuming data-entry it will allow you to focus on more important daily tasks. Your time is too important to be wasted on data-entry. Simply send your list to search@centrolegalworks.com and our staff will take care of the rest. Once the results are ready they will be delivered right to your desktop. **Just send it and forget it!**

As shown in the illustration, we assumed an order of 50 Bank Act searches at a price of \$15 per search, which totals \$750 in service fees. Using our **Flexible Price Solution** the price per search has been discounted to \$9 per name saving you a total of \$300 on one search product. Now apply that savings to a full due diligence search order and you can save thousands!

High Volume example: 50 Bank Act S. 427 Searches

Other Providers: \$15-\$20 per search = $\$15 \times 50 = \750

Using Centro: Discounted to \$9* x 50 = \$450

Total Savings of \$300 on one search product!

Apply the same saving to other products like PPSA searches, Writs of Executions and Insolvency Name Searches and you savings can be as high as **\$900 on one file!**

*Discounted price shown will vary depending on the number of names searched. GST and Government disbursements are additional.

BENEFITS

- Lower cost per search.
- No deposit account required.
- Save valuable time by eliminating data-entry.
- No logins, or low account balances to delay service.
- All results delivered via email right to your desktop.
